Of course, I missed you so much. But...

You know what happened for the first 3 days after you left?

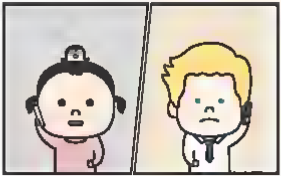
Wife!
I think burglars broke into the flat!

The bedroom is a mess and
my clothes are everywhere.

The same with the lounge! It's a total mess with books and rubbish.

Oh my... Kitchen! What happened?
I think they ate something and just left them too.



I can't believe
that my husband was
a burglar..
